

自2013年，規劃署與展城館推出「城市印象」系列，目標是通過專題展覽、工作坊和其他活動，以展示香港這個城市的不同面貌。「城市印象@連繫」是規劃署與香港知專設計學院共同合作的一個項目。希望透過探討傷健人士與城市空間的連繫，為香港將來的城市規劃帶來新的靈感。

The Planning Department and the City Gallery have launched the 'City Impression' series since 2013 with an objective to reveal the city of Hong Kong in different aspects through thematic exhibitions, workshops and other activities. 'City Impression@Connectivity' is a collaborated project between the Planning Department and the Hong Kong Design Institute. By exploring the connectivity between disables and urban space, new inspirations can be provided for future city planning.
